Course#:TQA
Duration:2 hours
Price:0.00
```

Course Description

This document provides information on the structure of the exam, along with the knowledge and skills being measured. This document is not intended to build product knowledge.

Awarded Credentials

Target Audience

Upon successful completion of this exam, you will be awarded the title of Tableau Desktop Qualified Associate. This title is active for two years from the date achieved.
This exam is for those who have a comprehensive understanding of functionality in Tableau Desktop and atleast five months of applying this learning in the product.

Objectives

For a successful exam experience, ensure your computer, network, and the physical environment are properly configured. This includes running a system tech-check before the exam.

Learning Resources

The best preparation is experience and time with the product. During the exam, you will have access to public, online resources aside from sites or applications allowing for communication. We also encourage you to complete the Desktop I: Fundamentals and Desktop II: Intermediate classroom courses.

Audience

Prerequisites

Complete Desktop I: Fundamentals Desktop II: Intermediate courses
