

## Cisco Platinum Learning Library: Security

**Course#:**CS-02  
**Duration:**1 Year  
**Price:**0.00

### Course Description

The Cisco Platinum Learning Library: Security offers a subscription to all of the core online cybersecurity and cyber operations training, including extensive skills-based and select product training covering network security, cybersecurity, and more.

This comprehensive technical training library offers full-length, interactive certification courses, product and technology training with labs, and thousands of reference materials

The Cisco Platinum Learning Library: Security is your ticket to unlimited Cisco knowledge and expertise. Expand your proficiency and your opportunities with unlimited access to the entire portfolio of Cisco Security on-demand learning courses.

#### Whats Included:

- Unlimited access to our entire portfolio of Cisco Networking on-demand courses for 12 months
- Over 280 hours of instruction and labs
- Access to all course updates and additions during your subscription period

#### Access to these study tools:

- Topic videos, including slides and a whiteboard to illustrate important fundamentals from a specific topic or subtopic
- Search, which lets students go through all the instruction guides, as well as transcripts of videos
- Lab recordings, which let students see how other students performed in labs, to improve peer learning

Labs-at-a-glance, showing each students complete and incomplete labs, so they can track progress and make improvements

Compatibility with tablets, so students can learn wherever they go, with their progress saved for them

Synchronized learning on multiple devices, so students can switch between a laptop and a tablet without losing their place

Gamification, with achievement badges and medals awarded for mastering content and study techniques

Leaderboard, indicating how the top 10 students rank, to add a friendly, competitive element

Bookmarking, which lets students flag and add notes to important concepts or areas they want to review

Glossary that can be easily browsed, with important terms highlighted Social media links, so students can share their progress on Facebook, LinkedIn, or Twitter

Certificate of completion awarded to all students who finish each course

## **Objectives**

Training your workforce on the latest Cisco collaboration technologies just got more convenient and impactful - with the Cisco Platinum Learning Library: Security. Students gain the learning effectiveness of the classroom without the classroom - learning the way they want from their desktop or laptop, through a single, integrated browser window.

The Cisco Platinum Learning Library: Security is self-paced and modular, with course material broken up into sections so its easily consumable. That way, students can learn whenever they have an extra few minutes. And it benefits students in many ways, as its:

**Effective:** Covers multiple learning techniques, with HD instructor-led video, searchable transcripts, and a full Student Guide textbook

**Interactive:** Offers engaging Discovery Labs for hands-on learning, plus graded challenge assignments to measure progress

**Flexible:** Increases learning convenience, as students can work at their own pace, anytime, anywhere

**Integrated:** Provides everything in one place; no multiple systems to log into

**Unrivaled:** Gives you the benefits of Cisco expertise, based on years of unmatched learning and

certification experience

## **Audience**

Technology professionals pursuing or interested in pursuing Cisco certifications

Technology professionals pursuing or interested in pursuing Cisco technology skills and expertise

New and aspiring technology professionals who wish to gain Cisco skills, expertise, and certifications

Experienced technology professionals looking to gain additional Cisco skills, expertise and certifications

## **Prerequisites**

Prerequisites vary by course. Please review details for each course to learn about prerequisites and other course-specific information.

## **Content**

On-Demand Outline

CCNP Security

Implementing and Operating Cisco Security Core Technologies (SCOR) v1.0

Securing Networks with Cisco Firepower Next Generation Firewall (SSNGFW) v1.0

Securing Networks with Cisco Firepower Next-Generation IPS (SSFIPS) v4.0

Implementing and Configuring Cisco Identity Services Engine (SISE) v3.0

Securing Email with Cisco Email Security Appliance (SESA) v3.0

Securing the Web with Cisco Web Security Appliance (SWSA) v3.0

Implementing Secure Solutions with Virtual Private Networks (SVPN) v1.0

Implementing Automation for Cisco Security Solutions (SAUI) v1.0

CCIE Security

## Implementing and Operating Cisco Security Core Technologies (SCOR)

### Product and technology training

Implementing an Integrated Threat Defense Solution (SECUR201) v1.0

Implementing an Integrated Threat Defense Solution (SECUR202) v1.0

Implementing and Configuring Cisco Identity Services Engine (SISE) v3.0

Implementing Cisco Cybersecurity Operations (SECOPS) v1.0

Implementing Secure Solutions with Virtual Private Networks (SVPN) v1.0

Integrated Threat Defense Investigation and Mitigation (SECUR202) v1.0

Introduction to 802.1X Operations for Cisco Security Professionals (802.1X) v2.0

ISE Essentials for SD-Access (ISESDA) v1.0

Protecting Against Malware Threats with Cisco AMP for Endpoints (SSFAMP) v5.0

Securing Branch Internet and Cloud Access with Cisco SD-WAN (A-SDW-BRSEC)

Securing Cisco Networks with Open Source SNORT (SSFSNORT) v3.0

Securing Cisco Networks with Snort Rule Writing Best Practices (SSFRULES) v2.0

Securing Cloud Deployments with Cisco Technologies (SECCLD) v1.0

Securing Email with Cisco Email Security Appliance (SESA) v3.0

Securing Industrial IoT Networks with Cisco Technologies (ISECIN) v1.0

Securing Networks with Cisco Firepower Next Generation Firewall (SSNGFW) v1.0

Securing Networks with Cisco Firepower Next-Generation IPS (SSFIPS) v4.0

Securing the Web with Cisco Web Security Appliance (SWSA) v3.0

Understanding Cisco Cybersecurity Fundamentals (SECFND) v1.0
