Cisco Platinum Learning Library: Networking

`Course#:CPLL`
`Duration:12 Months`
`Price:0.00`

Course Description

The Cisco Platinum Learning Library: Networking offers a subscription to all of the core online networking training, including product training, technology training, and certifications.

This comprehensive technical training library includes full-length, interactive certification courses, additional product and technology training with labs, and thousands of reference materials.

The Cisco Platinum Learning Library: Networking is your ticket to unlimited Cisco knowledge and expertise. Expand your proficiency - and your opportunities - with unlimited access to the entire portfolio of Cisco Networking on-demand learning courses.

Whats included:

 Unlimited access to our entire portfolio of Cisco Networking on-demand courses for 12 months
 Over 1000 hours of instruction and labs
 Access to all course updates and additions during your subscription period

Access these study tools:

 Topic videos, including slides and a whiteboard to illustrate important fundamentals from a specific topic or subtopic
 Search, which lets students go through all the instruction guides, as well as transcripts of videos
 Lab recordings, which let students see how other students performed in labs, to improve peer learning
 Labs-at-a-glance, showing each students complete and incomplete labs, so they can track progress

and make improvements

Compatibility with tablets, so students can learn wherever they go, with their progress saved for them

Synchronized learning on multiple devices, so students can switch between a laptop and a tablet without losing their place

Gamification, with achievement badges and medals awarded for mastering content and study techniques

Leaderboard, indicating how the top 10 students rank, to add a friendly, competitive element

Bookmarking, which lets students flag and add notes to important concepts or areas they want to review

Glossary that can be easily browsed, with important terms highlighted Social media links, so students can share their progress on Facebook, LinkedIn, or Twitter

Certificate of completion awarded to all students who finish each course

Objectives

Training your workforce on the latest Cisco networking technologies just got more convenient and impactful - with the Cisco Platinum Learning Library: Networking. Students gain the learning effectiveness of the classroom without the classroom - learning the way they want to from their desktop or laptop, through a single, integrated browser window.

The Cisco Platinum Learning Library: Networkingis self-paced and modular, with course material broken up into sections so its easily consumable. That way, students can learn whenever they have an extra few minutes. And it benefits students in many ways, as its:

Effective: Covers multiple learning techniques, with HD instructor-led video, searchable transcripts, and full Student Guide textbook

Interactive: Offers engaging Discovery Labs for hands-on learning, plus graded challenge assignments to measure progress

Flexible: Increases learning convenience, as students can work at their own pace, anytime, anywhere

Integrated: Provides everything in one place; no multiple systems to log into

Unrivaled: Gives you the benefits of Cisco expertise, based on years of unmatched learning and certification experience

Audience

Technology professionals pursuing or interested in pursuing Cisco certifications

Technology professionals pursuing or interested in pursuing Cisco technology skills and expertise

New and aspiring technology professionals who wish to gain Cisco skills, expertise, and certifications

Experienced technology professionals looking to gain additional Cisco skills, expertise and certifications

Prerequisites

Prerequisites vary by course. Please review details for each course to learn about prerequisites and other course-specific information.

Content

Get unlimited access to these on-demand learning courses:

CCNA

Implementing and Administering Cisco Solutions (CCNA)

CCNP Enterprise

Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR)

Implementing Cisco Enterprise Advanced Routing and Services (ENARSI)

Implementing Cisco SD-WAN Solutions (SDWAN300)

Designing Cisco Enterprise Networks (ENSLD)

Designing Cisco Enterprise Wireless Networks (ENWLSD)

Implementing Cisco Enterprise Wireless Networks (ENWLSI)

Implementing Automation for Cisco Enterprise Solutions (ENAUI)

CCNP Service Provider

Implementing and Operating Cisco Service Provider Network Core Technologies (SPCOR)

Implementing Cisco Service Provider VPN Services (SPVI)

Implementing Cisco Service Provider Advanced Routing Solutions (SPRI)

Implementing Automation for Cisco Service Provider Solutions (SPAUI)

CCIE Enterprise Infrastructure

Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR)

CCIE Enterprise Wireless

Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR)

CCIE Service Provider

Implementing and Operating Cisco Service Provider Network Core Technologies (SPCOR)

Product and technology training

Introducing Automation for Cisco Solutions (CSAU)

Cisco Certified Technician Supporting Cisco Routing and Switching Network Devices (RSTECH)

Cisco NCS 2000 Deploying 96-Channel Flex Spectrum (OPT201)

Cisco Digital Network Architecture Implementation Essentials (DNAIE)

Understanding Cisco Industrial IoT Networking Foundation (INFND)

Programming Use Cases for Cisco Digital Network Architecture (DNAPUC)

Deploying Cisco SD-Access (ENSDA)

Cisco SD-WAN Operation and Deployment (ENSDW)

Cisco ASR 9000 Series IOS XR 64-Bit Software Migration and Operational Enhancements (IOSXR211)

Cisco IOS XR Broadband Network Gateway Implementation and Verification (IOSXR304)

NSO Essentials for Programmers and Network Architects (NSO201)

Cisco Optical Technology Advanced (OPT300)

Implementing Segment Routing on Cisco IOS XR (SEGRTE201)

Implementing Cisco Virtual Wide Area Application Services (VWAAS)

Cisco Prime Performance Manager (CPPERF)

Cisco Aggregation Services Router 9000 Series Essentials (ASR9KE)

Network Convergence System 5500 Series Router (NCS5500HW)

ASR 5000 LTE-PGW System Administration and Configuration (ASR5KLTE-PGW)

ASR 5000 xGSN Administration and Configuration (ASR5000 xGSN)

Cisco ASR 1000 Series Essentials (ASR1KE)

Cisco Customer Success Manager (DTCSM)

Cisco Optical Technology Intermediate (OPT200)

Foundations (SPFNDU)

Implementing Cisco MPLS

Internetworking Technology Overview (ITO)

Introducing IP Fundamentals of Cisco Fabric for Media (IPFMFD)

Introduction to 802.1X Operations for Cisco Security Professionals (802.1X)

Network Convergence System 4000 Series Integrated Services Router (NCS4000HW)

Operating Cisco IP Fabric for Media Solution (IPFMSN)

Planning and Deploying SD-Access Fundamentals (For Customers) (CUST-SDA-FUND)

Preparing the Identity Services Engine (ISE) for SD-Access (For Customers) (CUST-SDA-ISE)

Programming for Network Engineers (PRNE)

SD-Access 1.2 Update Supplement (A-SDA-12UPDT)

Understanding Cisco Service Provider Network
